

Make a difference today...

...become a school governor

We are looking for new governors and would be delighted to hear from anyone who has an interest in the improvement and performance of our school and who can challenge us to be the best that we can be.

Our school Governing Board is made up of great people who represent the community, parents and staff...

working together for the benefit of the school.

Our governors come from all walks of life and bring along a variety of skills and experience. You do not have to have been a governor before but what is important is the will to support, to challenge, and to work collectively with other governors to make a positive impact and keep our pupils at the heart of decision making.

If you would like to find out more about the role, please contact the school office or send us an email at governance@esteemmat.co.uk.

North East Derbyshire Support Centre

Our governors are vital to the effectiveness of this academy.

You will work closely with our senior leadership team to help set our vision and strategic direction, monitor and support teaching and learning, and challenge our school to continually improve.

The local governing board meets six times a year, and you will also have the opportunity to join us at academy and trust events.

We will offer training, support, and guidance to help you flourish in the role. Being a school governor is a unique experience to work with our wonderful school team and students, give something back to the community and further progress your own skills.

You do not need to have a background in education, but corporate or professional experience would be beneficial.

“I very much look forwards to hearing from anyone who is interested in supporting our academy”

Janine Dix

Headteacher
